FIRE PROTECTION AND SAFETY EQUIPMENTS

FEATURES

- Molded bumpers for a clean, neat, attractive dock area
- Molded in one piece construction
- Our molded bumpers will not warp, rust, rot or harden
- Compact size
- Reflective take for easy identification

IDEAL FOR: DOCKING STATIONS, WARE HOUSES AND PORTS. Molded Dock Bumpers are perfect protection for any high/low traffic truck dock. Molded bumpers make great In-plant wall protection from forklifts and other material handling vehicles.

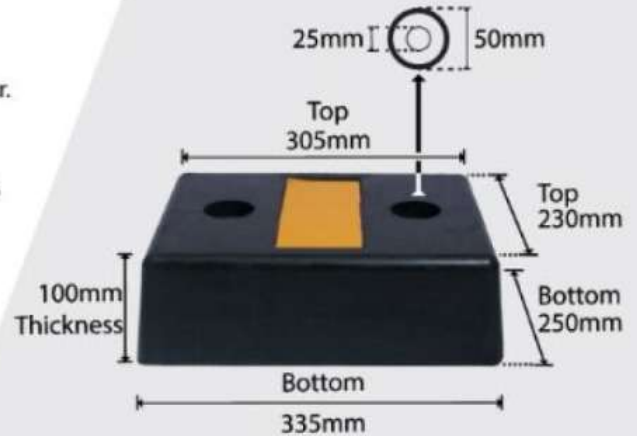

MATERIAL

- Manufactured from fiber reinforced prime rubber containing nylon and polyester. All bumpers have impact recovery (ASTM 1170) of 95% with a durometer.
- Reading of 80 plus or minus 5.
- All models have pre-molded, countersunk mounting holes for easy installation, and are drilled to accept up to 3/4" anchor bolts.

Size of Rubber Wallguards/ Protector.
