How to Use – PASS Method

P – Pull: Pull the safety pin to unlock the extinguisher.

A – Aim: Aim the nozzle at the base of the fire from a safe distance.

S – Squeeze: Squeeze the handle to release the extinguishing powder.

S – Sweep: Sweep from side to side until the fire is completely extinguished.

Why Choose Safety 53 DCP Fire Extinguisher

- Proven Reliability: Trusted DCP formula for rapid fire knockdown.
- Portable Design: Compact size ideal for personal and professional use.
- Enhanced Safety: Continuous pressure monitoring via built-in gauge.
- Durability: Rugged steel cylinder and metal valve assembly ensure years of service.
- Affordable Protection: Cost-effective solution for comprehensive fire safety.

Safety & Maintenance

- Inspect pressure gauge monthly for optimal readiness.
- Ensure the extinguisher is mounted upright and easily accessible.
- Do not expose to direct sunlight or extreme heat.
- Have your extinguisher recharged or replaced immediately after use.
- Schedule annual professional inspection as per safety standards.
