How to Use – PASS Method

P – Pull: Pull the safety pin to unlock the extinguisher.

A – Aim: Aim the nozzle at the base of the fire from a safe distance.

S – Squeeze: Squeeze the handle to release the extinguishing powder.

S – Sweep: Sweep from side to side until the fire is completely extinguished.

Why Choose Safety 53 DCP Fire Extinguishers

- Proven Performance: Trusted for effective multi-class fire suppression
- Durable & Long-Lasting: Steel construction ensures years of dependable use
- Compact Yet Powerful: Perfect balance of size, weight, and firefighting strength
- Cost-Effective Safety: Economical solution for small to medium fire risks

Safety & Maintenance

- Inspect the pressure gauge monthly to ensure full charge.
- Keep extinguisher mounted upright in an accessible location.
- Avoid exposure to extreme heat or direct sunlight.
- Recharge immediately after any discharge or if pressure is low.
- Schedule annual inspections by certified fire safety technicians.
